

ENVIRONMENT, HEALTH AND SAFETY POLICY STATEMENT

Bentry Company Limited is committed to protecting the health and safety of all employees and ensuring that our activities are environmentally friendly especially in all our operational areas. Our activities shall be in tune with the relevant laws and policies of Ghana, and also consistent with the highest international industry standards.

We shall endeavor as management to provide very safe working environment for our stakeholders and protect the locality in which we operate. We believe our sustainability as a business in the petroleum and Power sectors is dependent largely of EHS.

In all our business processes, management bears the ultimate responsibility for safety, health, environmental protection, energy efficiency and quality, and creates the organizational prerequisite for implementing this policy. To this end, we shall provide the necessary resources. We shall ensure that the Health, Safety, Environment and Quality (EHSQ) targets are defined and their implementation/effectiveness supervised in a structured and efficient manner using the Integrated Corporate Management System.

In their area of responsibility, every employee, Contractor or stakeholder shall help in ensuring that the EHSQ principles are complied with.

Our ultimate goal is to continuously achieve the highest standards of Project Success and EHS Performance and be recognized as a leader in the Power, Petroleum, marine and telecommunications sectors.

We aim to attain Zero Accident throughout our operations through the use of a combination of the tools including proactive EHS Policies, Systems, Procedures and training and competency programme, which shall ensure continuous improvement and prevention of incidents, near misses, injuries and occupational illness to employees, contractors and stakeholders.

Yaw Kankam

Managing Director
